# All Process at a glance

# Case Worker (CW) Responsibilities

- **Resident Processing:** Receive and meticulously process resident cases assigned based on district jurisdiction.
- **Letter Drafting:** Draft necessary correspondence using pre-filled templates with editable fields, aligning with upcoming hearing dates.
- **Report Uploads:** Upload essential medical and physical assessment reports to the resident's profile.
- **Legal Agency Coordination:** Initiate applications for legal agency or assign lawyers as required by case specifics.
- **Submission to DF:** Submit drafted documents and reports to the District Facilitator for review and approval.

# District Facilitator (DF) Responsibilities

- **Document Review & Forwarding:** Review the Case Worker's drafted documents and reports, ensuring accuracy before forwarding.
- **District Register View:** Access and view the comprehensive resident register specifically for their assigned district.
- **Filtering Capabilities:** Utilize filters by Act/Section, Location, Case number, and Lawyer status for efficient case management.
- **Educational Qualification Update:** Input and update residents' educational qualification details as part of their profile.
- **Forward to PO:** After thorough review, forward approved cases and documents to the Probation Officer.

# Probation Officer (PO) Responsibilities

## Responsibilities

- **Draft Review & Forwarding:** Review and approve DF-forwarded drafts, then submit them to the Superintendent for final review.
- **Court Coordination:** Coordinate with the court regarding missed hearing dates and update the system with new scheduled dates.
- **Special Case Flagging:** Mark residents as 'Special' or 'Priority' cases, ensuring they appear on relevant dashboards and specialized lists.
- **Attendance Updates:** Update attendance dates for residents, with shared access and collaboration with the ATR operator.

# Superintendent Responsibilities: Final Oversight

- **Final Review and Approval:** Conduct the ultimate review of all submitted cases and documents, granting final approval for processing.
- **Rejection and Feedback:** Possibility to reject a case or send it back to previous stages with specific comments for necessary revisions.
- **System-Generated Print:** Once final approval is granted, the system will automatically generate and print the official letter.

# Multi-disciplinary Inputs

**Send-back Process:** Superintendent → PO → Resubmit → Final Print.

All workflow state transitions are meticulously recorded, including who made changes, when they were made, and any accompanying comments for full auditability.
